

KILN DRIED LOGS & KINDLING

GRILL & CHILL

Developed primarily for the 'cooking on wood' market, whether for pizza ovens or small cook stoves. The pack contains specially selected species suitable for cooking on wood. Whilst the same length as the standard logs, these are cut thinner to make managing a fire easier and to provide maximum heat quickly.

SPECIFICATION

Log Size	25cm +/-10% tolerance
Origin	British
Log Diameter	4-10cm across the widest point (+/-10% tolerance)
Moisture Content	Below 20%

KINDLING

Certainly Wood's kiln dried kindling is dried to a moisture content of below 12%, ensuring every fire starting is successful. Kindling is supplied in cardboard boxes ensuring they're clean and easy to store.

Our kindling boxes are also now 100% plastic free & come in natural wax coated cardboard packaging which can either be recycled or composted!
